COVID-19 Data HUB

Explore information, maps and data about the coronavirus outbreak
in Montgomery County, PA.

The Montgomery County COVID-19 data hub will be updated weekly on Monday, Wednesday & Friday (excluding holidays).

On November 15, 2021, the PA Department of Health began counting reinfection cases in their
~~total case count. For consistency in reporting, Montgomery County will also incorporate reinfection~~

COVID-19 Vaccine Data

This section provides data and information on Pennsylvania's COVID-19 vaccination plan. The vaccination provider map is maintained by the Pennsylvania Department of Health (PA DOH) and shows facilities that are, or will be, providing COVID-19 vaccinations. The PA DOH dashboard provides statewide totals on vaccinations by county. These maps are not maintained or updated by Montgomery County and are provided for informational purposes.

For more vaccine information please visit [Montgomery County's vaccine information page](#) or [Pennsylvania's vaccine information page](#).

The dashboard below shows COVID-19 hospitalizations and ventilator use in Montgomery county. These totals represent all COVID-19 patients that are in Montgomery County hospitals regardless of whether or not they are county residents. This information will be updated daily as long as the PA DOH updates their data.

You can download hospitalization data from Pennsylvania's Open Data Site or view Pennsylvania's hospitalization dashboard here.

Incidence & Positivity Data

Below is a chart showing the daily positivity rate and the fourteen day positivity rate for the county. It shows all tests performed on Montgomery County residents not just tests from the county run testing site. Use the date filter to to show historical information. This chart will be updated daily (Monday-Friday) with data stopping five days prior. This allows us to report data more accurately and account for any reporting delays from the testing facility.

You can view the county's overall incident rate by visiting [Pennsylvania's COVID-19 Early Warning Monitoring System Dashboard](#)
